CAREERS SUPPORT FOR PARENTS AND CARERS

We know this is a concerning time due to the effects of Covid-19 (Coronavirus) but the Careers Service is still here to help you and your child in the months ahead.

Our Careers Advisers provide one-to-one career information, advice and guidance services.

To speak to a Careers Adviser please call **0300 200 7820.**

Our helpline is open Monday to Friday, 9:30am-4:30pm. You can also use our live chat or email an adviser - Contact Us

As a parent or carer, you have a leading role when your child is making decisions about their career. That's why it's important to be prepared and feel confident when they come to you for advice.

Our Careers Service Website has lots of help and advice.

Go to our Give your child a helping hand section for help on how to support your child through career decisions or check out our Careers Service Parental Guide.
